

January 7, 2021

Happy Holidays!

Hope everyone had a very Merry Christmas and is enjoying the New Year.

Last year was definitely one for the books. Due to the coronavirus restrictions, there was only one NTPA pull in Iowa and only one class eligible for UPI points: that would be the Limited Pro Class at Rockwell Iowa. The UPI Board decided not to collect entry fees and no points would be paid.

By decision of the UPI Board, the following items have been approved:

The 2020 UPI paid memberships will be rolled over to 2021.

Due to Coronavirus restrictions, there will not be an annual meeting this year.

The terms of the current UPI officers, board members, and Head Tech will be extended one year.

For those of our members who did not purchase a 2020 UPI Membership and are interested in purchasing a 2021 Membership, you can contact Connie to have a form mailed to you or you can download the form from the United Pullers of Iowa website.

Another newsletter will be sent out prior to the start of our pulling season. Also, check our website and Facebook page for any updates. We hope to see all our Members out on the track enjoying the pulling season this year!
